

PRESENTS:
FLORIDA VELO DEVELOPMENT TEAM
BENEFIT RIDE

Join us in support of Florida's Junior Development Team as we raise money to help send a select group of talented young cyclists to Val-d'Or in Quebec, Canada. There they will participate in a five day stage race known as the "Tour de l'Abitibi" on July 25th through 29th. They will be competing against 26 other teams from around the world. This international competition is considered the most important development road race of its category and is also North America's most difficult and longest in duration and distance.

This year, Citrus Cycling's own Jimmy Page has been selected to join the team along with several outstanding junior riders. Please help us fund their efforts by participating in our benefit ride. We have selected three different routes taking you through some of Citrus County's most beautiful and un-populated areas. The ride will start in downtown Inverness and travel south through Floral City and Istachatta on gorgeous tree-covered country roads. This ride also features fully-stocked sag stops for the 34 and 62 mile options and a post-ride lunch. Come and see what great cycling Citrus County has to offer and support a great cause!

When:

July 12, 2008

Same day registration starts at 7:00am

Ride starts at 8:00am

Where:

Withlacoochee Rails to Trails
